This table examines how limitation and notice periods under the new *Limitations Act*, 2002, differ from those in effect under previous legislation. It has been compiled by Tony Antoniou, articling student with LawPRO, based on a table of commonly encountered limitation and notice periods originally prepared for LawPRO by Graeme Mew of Gowling Lafleur Henderson LLP. This new table also has been reviewed by Mr. Mew. An electronic copy of this chart and a more detailed chart are available in PDF format at www.practicepro.ca/limitations.
