Mentorship can be a valuable experience for both mentors and mentees, and LAWPRO has long encouraged lawyers to take part in mentoring relationships.

To help support formal mentorship, LAWPRO will waive any deductible and claims levy surcharge on eligible claims made against a lawyer mentor arising out of a mentoring relationship, provided certain requirements are met. Learn more about your coverage around mentorship here.

This year marks the 10th anniversary of the Law Society of Ontario's Coach and Advisor Network (CAN). To recognize the milestone, we're highlighting PracticePRO resources that can help support successful and productive mentoring relationships.
